

# COMMANDER® LC EMERGENCY WORK LIGHT

## Cost-effective Area Light

Commander LC is a cost-effective LED area light solution. Uniform high-quality white LED lights and an advanced lens design directs powerful light output onto the emergency scene. Full brightness is instant once power is applied. These light heads are available as portable and surface or recess mounts.

## Surface Mount

Commander LC surface or recess mounts have a slim profile designed to complement the side of the vehicle's cab. These models provide an impressive 15,000 lumens of light and are available in 12/24 VDC or 120/240 VAC.

## Portable Commander LC

Commander LC portable models come equipped with a sure-grip modeled handle. This easy to grip handle stays cool when the lamp head is illuminated allowing for the light source to be moved to a specific location. Ideal for upgrading are the optional mounting feet for telescopic poles and tripods.

*Commander LC lens focuses more LED light on the scene and objects in the distance.*
